

Date 12/15/2022

To whom it may concern,

This letter is intended for employment verification.

NewGLink Corporation confirms that H. V. Supun Nimantha (NIC: 911582511V) worked as a freelance full-stack software developer for us from 02/02/2019 to 06/04/2019, focusing on database and web-based application development. During this period, he completed phase 1 and phase 2 of our BCBA (Board Certified Behavior Analyst) School System, integrating the SignalR2 chat system and developing the ASP.Net MVC5 web application. He also managed and optimized our AWS infrastructure, including EC2 instances, VPS, Windows hosting, Route53, and other AWS services, ensuring the reliability and scalability of our systems.

We are delighted with his work, mainly because he always liked to put in his maximum effort and always tried to add something valuable or came up with a better way than we originally planned, which made our product even better.

Further, we wish him the very best in his future endeavors, and if I can be of assistance, please do not hesitate to contact me.

Warm regards,

A handwritten signature in black ink, appearing to read "Ahmed Nagaty". The signature is stylized with a large, sweeping "A" and a long horizontal stroke.

Ahmed Nagaty
CEO

(732)952-5350 – (732)527-2232
